

COURT ORDER

(see video recording)

#PathOfTruth

**1. FREEING EARTH | 2. HEALING EARTH | 3. MONEY / CAPITAL
(PQA)**

FOR ALL LIFE IN OUR WORLD CALLED EARTH

Our organization, HANSE HIVTC, walks the #PathOfTruth. The highest court is defined by the highest law in the world, “The Golden Rule,” and by the highest legal system, “Natural Law.” This is fully documented in science, energetics and in spirituality; all religions recognize the Golden Rule in this way. It is the “International Hanseatic Court of Justice of the Golden Rule (IHG-DGR).” It protects and defends all life in the infinite cosmos—ergo, all human beings (the human society of the Golden Rule).

Opening statement of the court: (see video recording)

The evil appearing in 2019 with a worldwide more and more full grip on all humanity by lies built terrorism, such as the #coronahoax #covidgenocide #climatehoax #greendeal #CO2 #geoengineering #biologicwarfare #ukrainewar #israelwars #immigration #islamization #deindustrialization #decapitalization etc., made us try to reach all the good forces. This is the reason why we had opened our court explicitly to all cosmic and beyond living life forms. Our legal unit Van Tulp Consulting had started earlier helping human beings all over Europe by doing legal work successfully, always based on the golden rule. Those cases form nowadays the baseline for the work of our court for all humanity. This entire work has been done in order to prove the good to still exist on earth, making mankind worth being rescued.

Our HANSE on the #PathOfTruth is equally respected by evil, protected by good, and accompanied by both (Circle of All Forces).

Court hearing:

Today, on November 9, 2025, all forces are gathered here to agree on the final outcome, which will become this court ruling. Satan (Lucifer) admits that evil has lost this trial and agrees to work together to liberate and heal the “EARTH” and to personally ensure that his “staff” transfers all the necessary global funds/capital for this new PQA concept to the HANSE INTERNATIONAL BANK (HIB).

As we are all gathered here to put these three undertakings into effect with immediate effect, it is agreed that from today onwards, all forces shall be represented by Gabriel, Lucifer (Satan), Michael, and Raphael as guardians, in alphabetical order. These four guardians form a new “circle of all forces” to protect the “EARTH” in accordance with this new balance of power. Everything is connected with what is referred to as life in, on, and as “EARTH.”

This court ruling also represents the shift of the man-made so-called

S Y S T E M from EVIL to GOOD.

1. Freeing EARTH

No more terrorism against any form of life. YES to peace (no more wars), YES to all people living their lives (no more agendas/hidden agendas/new world orders, etc.), and YES to freedom (no more terrorism programs/lies/theft/robbery/murder, etc.).

2. Healing EARTH

No more poisoning of any form of life, including earth, water, air, ether, sun, and all other living elements. YES to the use of frequencies for healing, YES to the use of elements for healing, YES to medicine for healing, YES to the use of free energy “ether,” YES to the earth, water, and air being natural and healed again so that the sun can shine naturally again to heal our world called “EARTH.”

3. Money / Capital (PQA)

From now on, it is connected with goodness.

FROM NOW ON, NO ONE CAN BECOME INSOLVENT ANYMORE.

All global money/capital flows—controlled and managed by this court via the HANSE INTERNATIONAL BANK (HIB)—into the existing collateral accounts of all people in equal shares, making them their property as so-called “Private Q-Collateral Accounts (PQA)” with sole access. The letter Q stands for quantum (smallest unit).

ACTION BY COUNTRY: It would mean—quite simply (!)—that all countries would grant the new PQA owners access to their existing collateral accounts (documented by their birth certificates), which would thereby become Private Q-Collateral Accounts (PQA). This is a process that is supported and protected by this court (IHG-DGR) and with the help of our bank (HIB).

ACTION by the people of all countries: This process has already been initiated for GERMANY and the UNITED STATES OF AMERICA (USA) by Hanseatics /Human Beings in Germany and our HANSE organization. The background to this is that the HANSE has twice (2 x) 350 trillion euros in its possession, which the HANSE wants to share with all Human Beings from GERMANY and the USA. These amounts were part of the court order of October 26, 2022, and were invoiced on November 7, 2022, with effect at the end of 2022 / 2023, one at UOB Singapore in Thailand (12/2022) and one to our bank HIB Europe (12/2023). The relevant facts are also documented in detail in our letter to all Human Beings of the USA, White House, USA, dated October 3, 2025.

Why should the second amount (350 trillion euros), which all Hanseatics in Germany have earned, be shared with the Hanseatics and all Human Beings in the USA? Reason: Without the USA and the associated global awakening processes, this PQA project would not have been possible in this time window (portal).

These two amounts will go toward the global PQA program in these two countries, which have already begun the global PQA activation process in the following manner:

DEUTSCHLAND (Germany) | €uro 350,000,000,000,000.00 (350 trillion euros)

Population: 83 million

Step-1 | PQA activation fee: €1.0 to be transferred to HANSE account as specified on the website www.vantulp.eu (see tab #contact)

PQA total value to be received by PQA owner: €4.2 million

Step-2 | PQA owner receives a one-time payment (cash or bank transfer): €100,000.00

Step-3 | PQA owner receives a transfer to their PQA: €4.1 million

UNITED STATES OF AMERICA (USA) | €uro 350,000,000,000,000.00 (350 trillion euros)

Population: 342 million

- The following values are displayed in USD (\$) Step-1 | PQA activation fee: \$1.0 to be transferred to HANSE account acc. homepage www.vantulp.eu (see tab #contact)

PQA total value to be received by PQA owner: \$1.1 million

Step-2 | PQA owner receives a one-time payment (cash or transfer): \$100,000.00

Step-3 | PQA owner receives a transfer to their PQA: \$1.0 million

ALL COUNTRIES WORLDWIDE - including DEUTSCHLAND and THE UNITED STATES OF AMERICA -

Step-1 | Same as mentioned above, either in USD or EUR. If you start this process, you will have the advantage of being the first to receive payment according to Step-2.

Step-2 | We will ensure that during this PQA process, every person receives a one-time payment (cash or bank transfer) that corresponds to the cost of living index of each country. This amount is a one-time assistance payment at the start of this worldwide PQA program.

Step-3 | All PQAs worldwide will be rebalanced each year, and each individual PQA for all people will have the same new amount. The new value/amount as such will not differ too much from the old one, but more importantly, your PQA will cover every “problem” that a person might encounter in life. Attached you will find the “Basic Description of the PQA (Clusters: A, B, C)”.

Markel zu Van Tulp

The Basic Description of the PQA (Clusters: A, B, C)

Status: Anppendix to COURT ORDER ref. #PathOfTruth dated 09NOV2025

The PQA's focus of the PQA is on every human being

“FROM NOW ONWARDS NO HUMAN BEING CAN EVER BECOME INSOLVENT”

All global money / capital goes—controlled and managed by this court—in equal parts to the existing collateral accounts of all Human Beings and becomes their own **Private Q-Collateral Account (PQA)** with single access. The letter Q stands for quantum (smallest unit).

A) HUMAN BEING

The PQA serves everyone in all stages of life, from birth and childhood, through education, school, and career preparation, to starting a career. Throughout one's professional career, it provides assistance in difficult situations (accidents, illness, medical treatment, job loss, career reorientation, etc.).

Additional note: Fear of **AI (artificial intelligence)** leading to job losses. Don't worry. Human Beings can start looking for work they have always wanted to do (their calling). The PQA is always there for “emergency situations/safe haven” and covers all costs until a new job is found that provides a regular income.

It is not intended, but every Human Being could basically live their entire life—at the level of basic needs—from their PQA. There is nothing negative about such a decision; freedom of choice.

It is an “emergency / safe haven” account that is 100% owned and controlled by the individual. The PQA account owner does not need to ask anyone for approval / permission to access the PQA.

The fundamental function of PQA is to bridge difficult situations throughout life, from the first breath to the last. It will compensate for all costs and expenses in full (100%), according to a person's current life situation with income and expenses, whenever an emergency situation arises.

All PQAs within a country are always linked to each other. This means that if you need more than what is credited to your account at the beginning of each year, e.g., the costs

for some special medical operations, you have access to a larger unlimited amount, which would be distributed proportionally across the total volume of all PQAs. This would remain the case until this account receives its new annual balance at 12:00 a.m. on December 31.

It is rebooked every year on 31DECYYYY at 00:00 by dividing the global money / capital by the number of all Human Beings on Earth and then allocating it to everyone's PQAs.

The PQA can be accessed via any computer-based device such as a smartphone, PC, or external ATM to scan the relevant invoice/handwritten note, leave an explanatory voice or video message, make transfers, and/or receive cash; emergency telephone numbers will also be available.

#Petition: The HANSE petition process is open to all Human Beings to address injustices that have been committed against themselves, their families, their businesses, and other assets and property, to document them, and to complete them in accordance with the HANSE standard. Losses in value and compensation can be claimed via the PQA.

#Insolvency: Insolvency is no longer possible, which also affects the past (retroactive validity). All insolvencies must be deleted from all legal documents, and the person affected has the right to receive compensation for financial losses by means of a #petition. For a description, see #petition.

When changing countries, the PQA can be transferred to the new country to become part of the National Trust PQA (NTP) there.

B) COUNTRY:

Countries and states do not own money or capital, nor does the state own any assets or property. All national assets and goods belong equally to all Human Beings of the same country, who together form the Nation.

NTP | All PQAs of such a nation together form the National Trust PQA (NTP); always 100% individually owned by all Human Beings of a Nation through their PQAs.

NFP | The National Fund PQA (NFP) is the annual budget/cash flow volume that is determined and approved by Parliament and ratified by the annual referendum of all PQA owners. It represents a quota of X% of the NTP, which is defined annually. The corresponding amount is transferred proportionally from all PQAs to the NFP account for use in the national budget. At the end of the year, the remaining amount in the NFP account is included in the calculation of the new annual budget by the responsible financial authority, which is submitted to Parliament as a draft to be voted on and approved by all PQA owners as a template for the referendum.

Note: No taxes or duties are levied beyond this NFP amount.

C) EXTRA-COUNTRY:

From NTPs following the same processes as described under B) COUNTRY: NFP. It should be taken into the budget planning of B) COUNTRY: NFP. - If necessary / to be reviewed
