Subject: THE GLOBAL DEEPSTATE IS TERRORISM. IT IS A CRIME AGAINST HUMANITY.

Matter: DEEP-STATE SHOW-DOWN "HANSE" IN 12/2024 IN THAILAND.

"Today, in January 2025, we can inform that the HANSE organization as one, could demonstrate its legal supremacy standing and conducting business in the **LEGAL FIELD** of a constitutional country being The Kingdom of Thailand. Whereas the GLOBAL DEEP-STATE organization conducts its affairs in the **ILLEGAL FIELD** of a constitutional country against the will and authorization of all people of all nations, in this case of the people and their King of The Kingdom of Thailand.

In February 2024 it happened in Thailand, that the KASIKORNBANK and the involved LAWYER-1 together shut our organization off from the electronic access to its bank account (THB), being the owner the company HANSE INTERNATIONAL GROUP COMPANY LIMITED (HIG) registered in Bangkok Thailand. Situation: 1. This action itself is a **criminal act**. 2. It is a **non-authorized procedure** by the constitutional country of the Kingdom of Thailand. 3. It must be clearly declared for being **terrorism**. So, effective that point of time, being February 2024, **the DEEP-STATE organization put our company into the ILLEGAL FIELD. We as HANSE, we do not play in the ILLEGAL FIELD.** So legal responsibility and liability lays a 100% with the DEEP-STATE, represented by KASIKORNBANK and LAWYER-1, from that point of time onwards.

By the end of November 2024 down to the end of December 2024, we tried to take up the legal situation with a Thai LAWYER-2; it remained DEEPSTATE.

We now wait to receive this company back into the LEGAL FIELD in THAILAND in 01/2025 for re-starting the company newly, which was founded in 08/2023.

HANSE Position: (IHC-TGR COURT ORDER TO COME) TO BE PAID BY DEEPSTATE:

1. All cost involved since start of HIG Thailand to be paid back to the company HIG Thailand, bank-account KASIKORN (THB), by the DEEPSTATE
2. HANSE organization invoices bill for TERRORIST ACT worth EUR 9.0 million (Legal division standard EUR 15K + 10% expenses per day)".

COURT ORDER IN PREPARATION “ROLL-OUT 2025” **(Index: 23JAN2025)** **#DEEPSTATE**

To: Worldwide | All COUNTRIES, their PARLIAMENTS and GOVERNEMENTS in the sense of being truly and fully elected and authorized by its people of their nations.

Subject: THE GLOBAL “DEEP STATE” IS TERRORISM. IT IS A CRIME AGAINST HUMANITY.

Our International Hanse Court of The Golden Rule (IHC-TGR) is the worldwide answer to the global “Deep State”. This Court is anchored in the highest legal sphere in the world, in combination with the highest law in the world.

We have been able to support and help many human beings all over Europe and lately even nations - being countries and states. This court thus achieved the increase of freedom for all EU, EFTA, UK countries in Europe (Manhunting Reichsbuerger Nazi law / Our memorandum Dec. 4th, 2024).

As a logic consequence, the worldwide “Deep State” increased their illegal manhunting of our organization and their members “Hanseatics” within Europe, USA and Asia. Details in rollout of this COURT ORDER IN PREPARATION.

The main players used by the Deep State are in 1st row all banks and all lawyers worldwide. These human beings have to obey as otherwise their personal bank accounts get blocked and banks (Compliance) and lawyers (Rogue) will “produce” official law breakings. That way they bring the manhunting as an activity in the illegal field to the legal field of a country and state (Taxes / Bills).

#DEEPSTATE@THAILAND (Show down in 12.2024 / Our memorandum 16JAN2025)

The #Worldfinance #Cabal (CEO/Canadian/FinTech/Liechtenstein/EFTA) does the FINAL. Telling us that Lawyer-2 cannot tell Lawyer-1 to pay back the received - and in writing by Lawyer-1 confirmed will (!) to pay back the loan - loan of €131K to HANSE, as Lawyer-2 has not the phone number (Both registered Thai lawyers in Thailand (!)). Equally it proves, that #Worldfinance #Cabal represented by this Canadian CEO of this FinTech never had allowed to do rightful business. This CEO has to pay back received amounts via Lawyer-2 to the HANSE (HIG) accounts KASIKORNBANK in Thailand CHF150K and EUR84K. We in addition will issue another penalty bill for worldwide DEEPSTATE TERRORISM to this FinTech company (LIE), that received the terrorist order fm the worldwide #DEEPSTATE.

DEEPSTATE@THAILAND (Continued on 20FEB2025)

We as HANSE want to improve our world, we all live in. That is why we started our investigation of all and any activities of the so called #deepstate worldwide. We found out: It is always about false playing BANKS + LAWYERS, they make, by committing crimes themselves, organizations and/or human beings “false criminals” for then being treated “officially” by the following national TAX OFFICES + COURTS. This process by these BANKS + LAWYERS is to be called TERRORISM, which is illegal and highly criminal.

THAILAND: One needs to understand the wide complexity of a great kingdom, country and state like Thailand, developing special attractive investment programs for foreign investors and their respective investments. It takes huge efforts from many Thai state employees and specialized Thai companies, as well as large amounts of tax capital from all Thai people, by a country like Thailand, to develop the various fields for investments. This large panel of attractive investment programs is developed by the official #state of Thailand. Then there is a non-official so called #deepstate in Thailand, consisting mainly out of banks and lawyers, who make traps from these official investments programs for enriching themselves by lying, cheating and stealing. So basically, these individuals and banks steal from the government and so from all people of Thailand – as it all is paid by tax monies – these investment programs thus making them “stealing foreign investment into Thailand” for their personal advantage. This is what happened to us being the HANSE organization that came in 2021 to Thailand, building up two (2) companies in Thailand, for large investments in steps, in total worth several Euro billions.

HANSE INTERNATIONAL GROUP CO. LTD. (HIG) Thailand:

Based on all these facts and logic legal conclusions mentioned on page no. 1 (23JAN2025), we now are holding the proof in our hands: The company HANSE INTERNATIONAL GROUP CO. LTD. (HIG) Thailand founded in 08.2023 was a set-up, a trap in itself, right from the start. There had been several intentions in Thailand as well as internationally to bring it to fall earlier.

NO TRAP - WORLDWIDE - EVER WORKED ON US (!)

WHY NOT (?)

NO ONE CAN FIGHT THE UNIVERSAL COSMIC TRUTH: >>THE GOLDEN RULE<<.

That most likely is the reason why the >>THE GOLDEN RULE<< can be found as highest law in each and every RELIGION in the world.

DEEPSTATE@THAILAND (Continued on 20FEB2025)

In this case of the HANSE INTERNATIONAL GROUP CO. LTD. (HIG) it was a double trap. BANK+LAWYER-1 and BANK (FINTECH)+LAWYER-2. There were much more traps in it than mentioned here. All over it was the intention to bring to fall the company HIG and to bring the human being, CEO and owner liable for the HIG, into jail, all in Thailand. The following is ordered by this court:

1. KASIKORNBANK to fill up the Euro Account with all EURO amounts received since its opening (Approx. EUR 0.5 million). Once done, KASIKORNBANK can reach out for their partners in this TERRORIST ACT for paying them back the stolen amounts. Payment execution date: 25FEB2025 (Informing the CEO by email)
2. KASIKORNBANK to pay the invoice from Van Tulp Consulting presenting the EUR 9.0 million for TERRORISM since 08.2023. Once being done, KASIKORNBANK is free to approach the #deepstate for recovery. Payment execution date: 25FEB2025 (Informing the CEO by email)
3. KASIKORNBANK to activate all electronic accesses - including VISA credit card - to the CEO and owner of the company. Payment execution date: 25FEB2025 (Informing the CEO by email)

Of course, the picture is much bigger than what we stated about what happened to the company of ours called HANSE INTERNATIONAL GROUP CO. LTD. THAILAND (Founded 8/2023).

VAN TULP CONSULTING GROUP CO. LTD. (VTC) Thailand:

In 2021 our organization decided to build up our hub for Asia in Thailand. **The idea was and continues to be, to invest minimum EUR 1,000,000,000.00 - Euro one billion -.** We founded the company called VAN TULP CONSULTING GROUP CO. LTD. THAILAND in 10/2021.
