

DEEPSTATE@THAILAND (Continued on 20FEB2025)

In this case of the HANSE INTERNATIONAL GROUP CO. LTD. (HIG) it was a double trap. BANK+LAWYER-1 and BANK (FINTECH)+LAWYER-2. There were much more traps in it than mentioned here. All over it was the intention to bring to fall the company HIG and to bring the human being, CEO and owner liable for the HIG, into jail, all in Thailand. The following is ordered by this court:

1. KASIKORNBANK to fill up the Euro Account with all EURO amounts received since its opening (Approx. EUR 0.5 million). Once done, KASIKORNBANK can reach out for their partners in this TERRORIST ACT for paying them back the stolen amounts. Payment execution date: 25FEB2025 (Informing the CEO by email)
2. KASIKORNBANK to pay the invoice from Van Tulp Consulting presenting the EUR 9.0 million for TERRORISM since 08.2023. Once being done, KASIKORNBANK is free to approach the #deepstate for recovery. Payment execution date: 25FEB2025 (Informing the CEO by email)
3. KASIKORNBANK to activate all electronic accesses - including VISA credit card - to the CEO and owner of the company. Payment execution date: 25FEB2025 (Informing the CEO by email)

Of course, the picture is much bigger than what we stated about what happened to the company of ours called HANSE INTERNATIONAL GROUP CO. LTD. THAILAND (Founded 8/2023).
